

Windy Arbor Primary School

Newsletter - Spring 1 - W4

Dear Parents and Carers,

Happy Friday everyone!

We have had another two wonderful Science Workshops this week! Year 5 and 6 have both held theirs with a great number of parents attending - thank you so much for giving up your time and coming into school to work with your children. The children always love having their grown ups come into school!

I am sure, if you have been by the front of school, you will have noticed the beautiful painting we have had on the side of our hut! This design was created by the children in school and then the very talented Arron from 'Art by Az' created it for us! We are hoping this space will soon be renovated and will reveal an amazing school library!

A huge thank you to Mrs. Worrall and Miss Worrall for organising and running the Year 1 and Year 2 Movie Nights - I know the children really do enjoy attending these. Keep your eyes peeled for the Year 3 and 4 movie nights that are coming up soon!

With two weeks left of this half term, I wanted to take the opportunity to thank all of you who are really trying to help us reach our school attendance target. I know Year 3 have had a separate challenge and those children who met the challenge will enjoy a games afternoon next week.

Have a wonderful weekend!

Windy Celebrates

At the Year 5 parent workshop, families explored forces together through hands-on activities. Children and parents designed and built parachutes, testing different sizes to see which created the most air resistance. Laughter, teamwork, and curiosity filled the room as everyone discovered how parachute size affected a slower, steadier fall for their models.

Nurture

Children's Mental Health Week 2026 will take place from 9-15 February. We will be celebrating this in school. The theme this year is 'This is my place'. To know our place and really feel part of our environment is a basic human need. It can have powerful and long-lasting impacts in lots of areas of our lives, including our physical and mental health, education, employment and relationships. When we feel that we belong, it empowers us to contribute to the world and make a real difference.

This year, Place2Be's Children's Mental Health Week will aim to support the groups and systems surrounding our children. We'll encourage peers, families, schools and communities to create inclusive and nurturing environments, where children and young people feel they belong and can say "This is My Place".
